DOUBLE PATENTED SHOCK ABSORPTION SYSTEM

Innovative use of 2 patented shock absorption technologies, magnetic suspension and honeycomb, provides great cushioning and shock absorption during exercise thus reducing the possibility of knee or ankle injuries during exercise bouts.

Magnetic Suspension Dampening

Honeycomb Dampening

GOLF TEXTURE RUNNING BELT

The golf-textured running belt is non-slip and quieter than traditional running belts. This results in a more comfortable and safer running experience.

SMALL AND EXQUISITE

It has a simple and stylish exterior design that goes with a variety of home decors. With a foldable design, when not in use, occupies only 8.5 square feet. This space saver can easily be placed in a small home, condo, or apartment.
